

THE ATLANTA CONSTITUTION.

VOL. XXVIII

ATLANTA, GA., MONDAY MORNING, APRIL 20, 1896.

PRICE FIVE CENTS

CLEVELAND IS WORKING HIM

Secretary Carlisle Is a Candidate Only To Carry Kentucky

ON THE FAVORITE SON PLAN

In Order To Get a Gold Delegation from That State.

BUT THE LITTLE SCHEME WILL NOT WORK

For the Free Coinage Men Will Have Things Their Way at the Chicago Convention.

Washington, April 19.—(Special)—Secretary Carlisle is now a full-fledged presidential candidate. His bureau has been opened up in Washington, and the Kentuckian is hopeful. Mr. Cleveland is pushing him along, but it seems to be the opinion of careful observers that the president has put him out only to make Kentucky send a gold delegation to Chicago. Mr. Cleveland seems to be playing the favorite son policy—a game which Quay has tried, but which is working disastrously to the Pennsylvania boss. A similar disaster is likely to overtake Cleveland. He don't care for Carlisle. He wants a gold convention. He is, therefore, humoring Carlisle in Kentucky, and ex-Governor Russell in Massachusetts; and is trying to bring out Postmaster General Billy Wilson in West Virginia, and Josiah Patterson in Tennessee for vice president, and Don Dickinson in Michigan, and Vilas in Wisconsin, and Bynum in Indiana, and ex-Governor Jim Campbell in Ohio, and old Senator Palmer in Illinois, and such all along the line. His game is to have state pride overcome silver sentiment—that's the goldbug plan now. But will it work?

The president is determined if he can make the Chicago convention a gold one, but he can't. The free coinage men have gotten the bulge on him, and they will win. Mr. Cleveland prefers not to be a candidate himself, because he does not believe a democratic candidate can be elected. But he does not count himself out of politics by any means.

He is quoted by one who appears to speak authoritatively as saying he believes there will be a change of feeling within the party in the next four years and that he will be glad to be welcomed back to its folds in the year 1900 as the only democrat since the war who could be elected president, and that then will look upon him as a man who would rather have his name before the world makes any term with the wicked silver men. He would not be too old at the opening of the next century to be elected to the presidency, and above all, the third term precedence which is extremely strong all over the country, would possibly be minimized if he should not be out of the white house during four years, but actually retires from active participation in politics by declining the nomination.

THE COMING WEEK'S WORK.

The House Will Have the General Pension Bill—The Senate Busy.

Washington, April 19.—Tomorrow is suspension day in the house—a day on which it is in order to take up bills for immediate passage under suspension of the rules. That order will be followed by the general pension bill reported Friday last.

By the terms of this bill continuances or reductions of pensions, except for fraud or error, or recovery from disabilities, and making up arrears, shall be reckoned as meaning that the restoration of pensions and additional expenditures authorized by the bill will amount to \$2,000,000 or \$3,000,000 a year.

Mr. Cannon will afterwards call up the general pension bill.

Wednesday and Thursday have been set aside for a discussion of the bankruptcy bill upon which a vote is to be taken by the house Friday.

An effort will probably be made to antagonize Mr. Peffer's pending bill to purchase investigation resolutions by calling in the Indian appropriation.

The naval appropriation bill has been ready for consideration for ten days, and Mr. Hale is very anxious to dispose of it. After the final vote on the Indian appropriation, the bill will be voted on.

The reformers are.

London, April 19.—The Standard will tomorrow publish a dispatch from Madrid saying that the reforms will consist of those provided for in the home rule bill voted by the cortes last year.

A NEW BISHOP.

The Services, Impressive and Solemn, Were Observed by a Large Throng.

AN ARREST AND CONFESSION YESTERDAY

There Is Now Talk of Lynching an Convict—A Convict Kills a Citizen—A Mob Hangs a Man.

Knoxville, Tenn., April 19.—(Special)—The killing of Mrs. C. H. Givens last night at White Pine, has resulted in a big sensation and probably a double lynching. The coroner's jury took up the case early this morning and this afternoon rendered a verdict to the effect that Mrs. Givens had come to her death by a gunshot wound in the hands of Wesley Dawn, a young man seventeen years of age.

The sermon was preached by Bishop Ireland, after which an imposing procession entered the edifice and with all the pomp and impressiveness demanded, Cardinal Satullo performed the act of consecration.

The newly consecrated bishop was presented with a kiss of peace, the "Te Deum" was sung and the new bishop was led through the church bestowing blessings on the people who knew to receive them.

Cardinal Satullo gave the benediction. At the conclusion of the very lengthy ceremonies the bishops and priests to the number of 200 sat down to dinner at Carroll hall.

Bishop O'Gorman, Archbishop Ireland, and Bishop Keanie, titular Bishop of Allasso and rector of the Catholic university, while among other members of the episcopate present were: Archbishop Kain, of St. Louis; Archbishop Ireland, of St. Paul, who is a brother of the late cardinal, and several other dignitaries and prelates of the church.

Bishop O'Gorman, Archbishop Ireland, and Bishop Keanie are strong temperance advocates and no wine was served at the dinner.

THEY WILL INDORSE McKinley.

Tennessee Republicans To Hold Their Convention Wednesday.

Nashville, Tenn., April 19.—(Special)—Tennessee republicans will meet in state convention here Wednesday to elect four delegates to attend to the national convention at St. Louis and to elect three candidates for judges of the court of chancery appeals. There is no very warm contest for the judicial nominations. Senator James Jeffreys will be the west Tennessee delegate to St. Louis.

In my opinion, Dr. C. H. Givens, of Knoxville, is opposed by J. C. Napier, colored, of Nashville. The result depends upon the complexion of the convention.

H. Clay Evans will be one of the East Tennessee delegates, while E. J. Sanford and Judge S. A. Rodgers are contesting for the other places. Mr. Rodger's personal preference for Reed may lead to his defeat. Evans has been grooming Rodgers and if he can control the convention will elect him. It is understood that Colonel W. E. Moore, of Memphis, will be here with contributions of money of your average budget, naming himself as a candidate for the vice presidency. This is one of Colonel Moore's quadrennial jokes. He never received a vote and never expects any.

It is conceded that the state convention will be held in Cincinnati and the convention with the national republican convention.

C. P. Johnson, the state president of the Illinois American Protective Association, has been in this city for the past two days in the interest of anybody to beat McKinley before the national republican convention. He had a long conference with Mr. Rodger's.

It is also supposed that he gave information to Rodgers which has led to several arrests and seizures. Sam Davis was taken from the house of Red Roberts, who was spending the night.

Roberts is the mob apparently numbered forty or fifty men. This is the second lynching in Warren county this week. York Douglas having been hanged by a mob in the seventh civil district last night.

A HANGED TO A LIMB.

An Old Man Taken Out by a Mob and Strung Up.

McMinnville, Tenn., April 19.—(Special)—Sterling Savage, a white man fifty years old, was hanged by a mob and maimed in McMinnville, on the Bechtel road, between 2 and 5 o'clock yesterday morning.

Savage lived in White county, where he has a family. He also has a son living near the scene of the lynching. He was near the scene of the lynching, he said, when he had not escaped by flight. He then went after a hostile player, who saw him coming and shot him, but he did not fire. Savage was then hung by a mob.

ALONE AGAINST A GANG.

Negroes in Numbers Assault an Executive Policeman.

Jacksonville, Fla., April 19.—As the result of a battle on a street car about 1 o'clock this morning ex-Policeman Jonas and Will Hampton are dying and several others are suffering from wounds more or less serious.

When Jonas was on the police force he incurred the enmity of the negroes, whom he reportedly treated in which he treated them and since the officer was removed from the force the negroes have repeatedly threatened to do him harm.

When Jonas boarded the street car he found it full of negroes and threatening him. When Hampton, who had a grudge against the ex-officer, Hampton began cursing Jonas and a free fight followed, the negroes attacking the white man. Hampton used a pistol and Jonas a knife, cutting Hampton's throat and wounding several others. Jonas finally put the negro to flight, but not before he had received a bullet in the head and was beaten almost to a jelly. All the negroes have been arrested. Jonas and Hampton will die. It is believed that the fugitive had already killed two of his pursuers.

SHOT THROUGH THE HEART.

Burglars Murder a Man in His Own Home.

Indianapolis, Ind., April 19.—Leith Hirth, a well-known and wealthy German citizen living at 1020 West Washington street, was instantly killed at 2 o'clock this morning by two masked men, who were discovered in his bedroom, and whom he pursued into the rear part of the house.

Mr. Hirth was awakened by a noise in the room, and saw two men standing in the doorway leading to another room. She gave the alarm by calling to her husband, who upon one of the men leveled a pistol at him and fired, but missed. The bullet passed through the door, hitting the wall above where she lay. A second shot followed an instant later and the two men turned toward the rear of the house. Mr. Hirth was awakened by the first and sprang from the bed and followed the intruders. As he passed into the room immediately back of the sleeping apartment a third shot was fired, which sent a bullet through his heart.

THEY WERE FRIENDS,

But Fell Out and One Killed the Other.

Aniston, Ala., April 19.—(Special)—Nat Conchess, one of the most prominent young negroes in the state, was killed in the lower portion of Lawrence county, Saturday morning by J. W. Whitburn, who was arrested and placed in jail at Moulton. The two men had been good friends, but disagreed over some trivial matter. Hot words followed and the killing resulted. Whitburn claims that he acted only in self-defense.

AN EX-CONVICT KILLED.

Was Trying To Persuade a Miner's Daughter To Elope With Him.

Knoxville, Tenn., April 19.—(Special)—Clarence Dixon, an ex-convict, was killed today by Thomas Perkins, a miner, at Breckinridge, Kentucky, from whom he had been serving a term in the state penitentiary and when he returned home a few days ago formed a combination. The factories are located in Philadelphia, Pittsburgh, Beaver Falls, St. Louis, Terra Haute and Anderson.

This organization will be completed at another meeting in Boston late next week. The trust had already advanced the price 20 per cent and since April 9th, not an order has been boxed at the old quotations.

It is proposed to limit the output to 400,000 dozen eggs, and to sell the same at the price of 10 cents a dozen. The trust will be permitted to increase its output and should one sell more than it manufactures the privilege of placing the order must be purchased from the trust.

FOUND IN TRUNKS.

Luggage of Passengers Examined by Customs.

London, April 19.—The Times will tomorrow publish a dispatch from Cape Town, saying that the German steamer Bunder, Rath arrived at Delagoa bay on Tuesday last and at Komati on Wednesday. She landed a large number of passengers who did not wish to allow their luggage to be examined by customs officials. It was examined, however, and the searchers unearthed uniforms, top boots, helmets and other military trappings. A German officer afterwards produced passports and the party proceeded for Pretoria.

THE PREACHER FLED.

A Crank Enters a Church and Draws a Pistol.

Oakland, Calif., April 19.—A crank with a revolver created a stampede in the First Unitarian church here this morning.

Professor Griggs, of Stanford university, who filled the pulpit in the absence of the pastor, was about to open services. A rough dressed young man walked up the aisle and, halting in front of the pulpit platform, drew a pistol and announced his intention of being heard.

In a loud voice he denounced religion as a humbug, stating that he could prove upon the authority of Professor Leconte, President Jordan, of Stanford, and other professors that the reforms will consist of those provided for in the home rule bill voted by the cortes last year.

SAYS HE CAN WIN.

Candidate for Governor in North Carolina Sure of Success.

Raleigh, N. C., April 19.—Daniel L. Russell, the Democratic candidate for governor, asserts that the republicans can elect the state ticket in North Carolina without populist support; but that the fear they cannot do so, causes the republicans to

his deliverance from the dangers environing him."—On last Friday Dr. Tichenor, the secretary of the board, issued an appeal to southern Baptists to cooperate in securing the release of the prisoner.

The people south will be practically united in the cause of Diaz, and the north is also expected to render aid. A governor, Northern and others made enthusiastic speeches and it is thought that it will not be long before Dr. Diaz will be able to continue his ministry.

SYMPATHY FOR DIAZ.

A Collection Taken Up by LaGrange Baptists.

Chattanooga, Tenn., April 19.—(Special)—The First Baptist church of this city took action today upon the imprisonment of Rev. A. J. Diaz at Havana by the Spanish authorities, mention of which was made in the Associated Press several days ago.

At the morning services a committee was appointed to draft suitable resolutions to be forwarded to the state department at Washington and the committee reported this evening strong resolutions, calling upon the authorities at Washington to investigate the case and if Diaz is unjustly imprisoned to demand satisfaction.

Speeches were made by the pastor and several of the prominent members and the resolutions were then adopted by a rising vote. A collection for the relief of Mr. Diaz while in prison and to secure necessary legal aid netted a neat sum.

The resolutions will be forwarded to Washington by the secretary of the congregation.

Petitioned the President.

Nashville, Tenn., April 19.—Every Baptist church in Nashville today adopted resolutions petitioning President Cleveland to take immediate steps looking to the release of A. J. Diaz, the Baptist missionary arrested in Cuba last Thursday. The resolutions were placed in the hands of Major John W. Thomas, who left tonight for Washington and presented them to the president and Secretary Oliver.

An Atlantic There.

Dr. I. C. Tichenor, of Atlanta, secretary of the foreign mission board of the Southern Baptist church, was here today, and collections were taken up to assist Diaz and his wife with food, it being reported that he would not eat prison food because of the certainty of being poisoned. The Baptists here are greatly aroused in the matter.

Memorial from Memphis.

Memphis, Tenn., April 19.—At the close of the morning services at the Central Baptist church the following memorial was unanimously adopted:

"To the President and Senators and Representatives in the National Congress—We, the members of the Central Baptist church and congregation of Memphis, Tennessee, in great pain and alarm of the recent arrest and imprisonment of Rev. Alberto J. Diaz, a naturalized citizen of the United States and missionary of the Southern Baptist convention at Havana, Cuba, and—

"We have great reason to believe that political rather than personal influences have led to his arrest and imprisonment, therefore—

"Resolved, That we most earnestly request you to do all that is possible to be done consistent with the honor of our country to secure his release and restoration to work, which has been long and successfully enjoyed."

Resolutions Passed in Columbia.

Columbia, S. C., April 19.—(Special)—The Baptists of Columbia have followed closely the action of those in Atlanta, and today, after the morning services at the First Baptist church, a meeting was held in which an action was promptly taken. The following resolutions were unanimously adopted:

"Whereas, We have learned through the public press that our brother, Rev. A. J. Diaz, the faithful missionary to Cuba, has been arrested and imprisoned by the Spanish authorities in the island of Cuba, although a citizen of the United States, and—

"Whereas, The character of our brother as a devoted, self-sacrificing Christian causes us that he has violated no law but has assisted nobly in the advancement of the cause of humanity and religion, therefore, be it resolved—

"Resolved, That we call upon the national government to demand a speedy and impartial trial for Brother Diaz and to see that justice is ministered to him.

"Resolved, That as soon as possible the resolutions be forwarded to the department of state, and that another copy thereof be sent to the Hon. W. W. Brewster, chairman of the House Committee on Foreign Affairs, and he be requested to interest himself in the matter and to urge immediate action upon the part of the national government.

Mr. John A. Willis and Mr. William H. Loyles were appointed a committee to carry out the provisions of the resolutions.

Action at LaGrange.

LaGrange, Ga., April 19.—(Special)—The Baptist church today by unanimous vote instructed the pastor, Dr. Nunnelly, to write to the Cuban sympathy to Rev. A. J. Diaz. They also sent a Sunday school and church, took up collections to assist him in his troubles. Dr. Diaz is personally known here, where he has preached once or twice in the Baptist church, and his sisters are quite well known here as students in the Southern female college. They have many warm friends in LaGrange, whose hearts go out in tender sympathy to the doctor in his hour of need. The pastor of the Baptist church, Mr. or LaGrange who had the pleasure of meeting the doctor and hearing his preach, are in constant touch with him, and are willing to come forward to assist him.

Coleman E. C. Mohney, of Hogansville, and Rev. W. H. Pool, of Milledgeville, Miss., also announced their contributions to the legislature. This gives us four candidates: F. P. Longley and Coleman H. Hill being the other two. The race promises to be a lively one since there are but two candidates to assist him in Dr. Diaz's behalf.

Methodists in Sympathy.

Woodstock, Ga., April 19.—(Special)—The Baptist church this afternoon to the extent of \$100 contributed to the fund for help for Rev. Dr. A. J. Diaz, the members contributing freely, the contributions ranging from \$5 to 25 cents. A large amount was raised and forwarded. Not only the Baptists, but all denominations seemed anxious over the arrest and imprisonment of the Methodist. Sunday school passed the following resolutions:

"Whereas, Rev. Dr. A. J. Diaz, a citizen of our country and a Baptist missionary to Cuba, has been arrested by the Spanish government, and is now in foreign jail, where he is suffering greatly; therefore, be it resolved, That we extend to him our sympathy and encouragement, and stand ready with our support whenever it is

Diaz, the Baptist missionary arrested in Cuba last Thursday. The resolutions were placed in the hands of Major John W. Thomas, who left tonight for Washington and presented them to the president and Secretary Oliver.

An Atlantic There.

Dr. I. C. Tichenor, of Atlanta, secretary of the foreign mission board of the Southern Baptist church, was here today, and collections were taken up to assist Diaz and his wife with food, it being reported that he would not eat prison food because of the certainty of being poisoned. The Baptists here are greatly aroused in the matter.

This may be made an issue in the legislative campaign in Bibb. There are no other issues so far. The United States senatorial election will be on May 1st. The next meeting of the commissioners these two officers may be reinstated. Their reinstatement would meet with popular approval.

The Logical Fruits of the Victory in Alabama.

The Montgomery Advertiser, which is in charge of the cuckoo and gold standard trumpeters in Alabama, seems to be very miserable at the way things have gone and are going in Alabama. It shrinks trembling from the inevitable, and is making a terrible effort to change the defeat of its followers into a substantial victory. Nothing dies harder than an official cuckoo, and the Montgomery Advertiser is no exception to the rule.

The other day The State-Herald, of Birmingham, speaking of Captain Johnston, who will be the candidate of the democratic party of Alabama for the office of governor, said:

"He is a man who believes in the diminution of the status quo as the law was prior to 1873, when gold and silver were coined at the ratio of 16 to 1."

That is Captain Johnston's platform, and it will be the platform of the democratic party of Alabama in this good year or b'other. It will be the way Alabama's delegation will go instructed to vote at the national democratic convention at Chicago the results of the county conventions throughout the state on Wednesday give complete assurance.

The Montgomery Advertiser calls this "a bold avowal" and goes on to say that "there is nothing uncertain or debatable in that bold declaration. The State-Herald considers that the result has been an overwhelming free silver victory, and it proposes to secure all the logical fruits of the victory." And why not? Is not the boldness of The State-Herald justified by the result? Was there any concealment of Captain Johnston's views—any hedging or evasion on the part of his followers? We heard of none. He went before the democratic voters of Alabama, saying: "You know who and what I am. You know that I stand for democratic principles. You know that part of my creed is the restoration of silver. You know that I am opposed to the single gold standard. There is my platform. If you like it, make me your candidate." The result was that he won an overwhelming victory over the gold standard candidate.

This being so, would it be wise for the democratic nominee and his friends to now turn to the people and say, "Well, we have won a great victory, but, in order to please the gold standard men and the cuckoos, we ought not to take advantage of it. We must suppress the principles we told you about and go in and enjoy the state offices?"

This is precisely what the cuckoo and gold standard men want the democratic leaders to do; but what would the people say about it? Naturally, they would be disgusted. They would conclude, and the conclusion would be justifiable, that all the democratic leaders cared for was the offices, and that, with these secured, principles might be relegated to limbo.

The Montgomery Advertiser says that "everything should be subordinated to closing up the ranks, to harmonizing the party, to getting together for the charge on the common enemy." This is all true enough, but the price The Advertiser demands for this "harmony" is too high, and would defeat all hope of harmony. It adds: "To attempt to ram the free silver doctrine down the throats of the majority of the democrats in the state is not calculated to bring about these desired results."

Could the fatuousness of official cuckooism go farther? The honest democratic voters of Alabama, by an overwhelming majority, have declared for the free coinage of silver and have routed those who were attempting to cram the republican gold standard down the throats of the democrats.

The basis of democratic harmony has already been prescribed by the democratic voters. The majority rules. True democrats always abide by the will of the majority. Those who cannot accept the will of the majority are not democrats. Where, in the history of the party, did the majority ever sacrifice a vital principle to secure the support of a weak and schismatic minority? One experiment of this kind would have turned

the party over to the contempt of the honest voters long ago; but the party has never made and never will make such an experiment. Consequently, we are glad to see in The State-Herald the clear and unequivocal statement to which the official cuckoo of Alabama so strenuously objects.

The democratic movement in behalf of the free coinage of silver has reached such proportions that even the blindest and most ignorant gold standard organic democrats will make the Chicago platform and name the candidate. To aid in the accomplishment of this and to share in the glory of this victory over the machinations of the money power, the democrats of Alabama should not only send a solid free coinage delegation to Chicago, but should place at the head of that delegation the most distinguished democrats to be found in the state—such patriotic champions of the people's interests as Morgan and Pugh.

Muzzling and Disfranchising the People.

As the people of Georgia are now in a position to see clearly the purpose of the gold contractors in first opposing senatorial primaries, it is perhaps not premature to ask them how they like it.

Recent events have shown beyond all question that, when the advocates of the single gold standard pretended to forego all opposition to senatorial primaries, if these primaries were postponed to a later date than June 6th, they did so with the full purpose of defeating such primaries whenever and wherever they could. This purpose could not be plainer than events have made it if it had been announced from the house-rooms. Finding that they could not prevent the democratic voters of Georgia from expressing their choice for senator by fair means, the cuckoos and the gold contractors have laid a scheme to disfranchise the people in this matter by pretending to favor postponement.

Very naturally they think it is an easier matter to influence the county committees than it is to deceive the honest voters of the state. The result is that whenever and wherever they can find an executive committee that can be brought to favor their sinister programme of disfranchisement to extend to them the privilege of membership in the highest councils of the church.

This question will sooner or later come up for discussion in the religious organizations of the south.

Isn't it about time for Editor Godkin to put on his undertaker's robes and proceed to entomb "Free silver?"

There are not many sides to the money question when the people get at it.

A correspondent of The New York Journal—no less a person than Frederick W. Phisterer—says that Maine will send two free coinage delegates to Chicago, and he adds that there is no doubt that the rank and file of the democratic voters of Maine are for free coinage!

The New York Journal continues to put Alabama in the doubtful list. This deceives nobody but the New York agents of the money power, and we are perfectly willing that they should be deceived.

A correspondent of The New York Journal—no less a person than Frederick W. Phisterer—says that Maine will send two free coinage delegates to Chicago, and he adds that there is no doubt that the rank and file of the democratic voters of Maine are for free coinage!

What will the result be? Simply this—that while two-thirds of the democratic voters of Georgia will be permitted to express their choice for senator, the remaining one-third will be muzzled and disfranchised simply because the gold contractors are afraid of the people—afraid to permit the people to vote—afraid to try their rotten cause on the world—afraid on our own sake of its merits—we mean on its total lack of merit.

Let the people keep their eyes on the scales.

April Anniversaries.

Last week three of the most important anniversaries of American history passed by without comment or celebration.

On the 16th of April, 1754, the first of a long series of bloody engagements, known as the French and Indian war, commenced. As the result of that great conflict the possession of the continent passed into the hands of the English and the issue between Latin and Anglo-Saxon domination was forever decided.

The first gun of the American revolution was fired on the 19th of April, 1775. After a struggle of eight years the yoke of British oppression was thrown off and the independence of the colonies was recognized by Great Britain.

On the 12th of April, 1861, the great civil war between the states of the American union began at Fort Sumter.

As the result of that struggle slavery was abolished in the south and the covenant of the union, which had been imperiled since the foundation of the government, was sealed in everlasting security.

It is well to observe these passing anniversaries and to ponder over the great events of history which they recall. Patriotism derives fresh nourishment from the contemplation of past events and the future welfare of the republic becomes doubly assured.

In this connection it may be observed that on the 26th of April, 1865, General Joseph E. Johnston surrendered at Greensboro, N. C., and that customs set apart that day in honor of the dead heroes who fell in defense of the south.

On the 30th day of April, 1789, General Washington was inaugurated as the first president of the United States and the history of democratic administration commenced.

So April is a month of glorious recollection in the calendar of American achievements.

Shall Women Be Admitted?

One of the most important questions which the Northern Methodist church has ever been called upon to decide is that of allowing women to sit as lay delegates in the general conference of that denomination.

This is only another phase of the

great popular movement in favor of universal suffrage, and the same vigorous opposition has been aroused to this demand which the suffrage movement in general has encountered.

Persistent efforts, however, have succeeded in removing quite a large number of obstacles from the way, and there is some ground for hope on the part of those who have undertaken to bring about this reform.

Still the advantage gained is not sufficient to secure representation in the approaching quadrennial conference at Cleveland, Ohio, and the friends of the movement will be compelled to wait patiently for another four years. By the expiration of that time, if indications are at all prophetic, success will crown the movement and confer upon the women of the church this desired recognition.

Under the rules of the general conference a majority of three-fourths of all who vote upon the measure is required to secure its adoption. If the majority rule applied, as in other secular and religious bodies, the privilege would have been conferred long ago.

The question of amending the rules for the purpose of admitting women as lay delegates to the approaching conference was recently submitted to the church.

EDITORIAL COMMENT.

The use of the bicycle has become so general that rooms have been set apart in several of the northern churches for the benefit of worshippers who come to church on wheels. The Chicago Record in a recent editorial calls attention to this fact, and enters a cordial protest against bloomers.

"One of the clergymen in commenting upon the proposed plan of providing churches with bicycles rooms expresses his perfect willingness to have people ride to services on wheels, but makes a reservation against the use of bloomers, not merely on religious grounds. The bloomer is unsightly and disgraceful, and when all the others had signified their intention to have been a bloomer during his visit. But a place was made for him at the card table, where the usual game of draw poker was in progress.

"'Gimme a stack of red chips,' he said carelessly.

He was accommodated and the game proceeded in silence.

"I don't see es he talkis no different," said Pike Peter in a whisper to the man next to him.

"'I'll come,' said Three-fingered Sam.

Sam 'll come out sooner er later. He's be takin' ginger ale on the side, er sayin' 'ether' jes' ter show off. An' es soon ez he begins ter sling any sercety aroun' 't, he'll be comin' up to be trouble a footin' tall, mark ye, boy, an' he'll be trouble."

"Some red liquor," replied Broncho Bob.

As they drew cards, Three-fingered Sam muttered:

"'Want' nuthin' but red chips, an' callin' for liquor, I know for somethin' gettin' crimped heavin' around."

Three-fingered Sam had pulled his gun in a jiffy.

"'Look' yer," he said in a husky voice, "I'm goin' to mixin' with the right an' dawlin' with the cream dally cream, but yer might ez well understand that of yer settin' out ter start a Four Hundred in this settlement, ye'll hafta git along without the other three hundred an' ninety-nine."

"'Nothing much,' was Broncho Bob's nonchalance reply. "Jest a red flesh; all hearts."

"'Look' yer," he said in a husky voice, "I'm goin' to mixin' with the right an' dawlin' with the cream dally cream, but yer might ez well understand that of yer settin' out ter start a Four Hundred in this settlement, ye'll hafta git along without the other three hundred an' ninety-nine."

HAWTHORNE MAY SAY GOODBYE

The Eminent Divine Has an Immediate Call to Nashville.

SAYS THAT HE WILL ACCEPT

Thinks That It Is His Duty To Seek New Fields.

HE WILL CONFER WITH HIS DEACONS

The First Baptist Church at Nashville Takes a Raising Vote and Urges Him To Come.

Dr. J. B. Hawthorne may leave Atlanta. His connection with the First Baptist church of this city may cease this week.

A unanimous call has been extended to him by the First Baptist church of Nashville and it is the present intention of the eminent divine to accept.

This afternoon the board of deacons of the First Baptist church will assemble and the whole matter will be presented before them by Dr. Hawthorne. He will state to them that an official call has been extended, that he believes that it will be for the best to accept and will request from them a release from his ministry for the best to accept and will request not be said, but there are those who utterly oppose the departure of the pastor and will employ every possible means

DR. J. B. HAWTHORNE.
He Has Received a Call to Nashville and Says He Will Accept.

to secure the continuance of his services. Several weeks ago Dr. Hawthorne by request filled the pulpit of the First Baptist church in Nashville. There is a vacancy there and during the last month or two ministers from many different towns have held services there. Dr. Hawthorne made a splendid impression upon the congregation and sustained his reputation in every sense.

At that time a committee from that church headed by Major John W. Thomas had under advisement the election of a minister to fill the vacant pulpit. It was decided to issue a call to Dr. Hawthorne. This was done and Dr. Hawthorne gave the committee to understand that if the call was made unanimous he would accept.

At services in Nashville yesterday morning the committee made its report. A rising vote of the congregation was taken and it was decided unanimously to call Dr. Hawthorne.

This was immediately telegraphed to him, the message stating that the call was unanimous and enthusiastic.

He Intends To Leave.

Immediately after the dismissal of the evening services last night Dr. Hawthorne was seen.

"Yes," he said, "I was notified today for the first time that I had been called unanimously by the church at Nashville. At present it is my intention to accept the call and in making this decision I am influenced by various reasons. In the first place I believe that I can do greater good in Nashville. It is a larger field to work in and will have new material to work on. Then my work in Atlanta is practically accomplished. The congregation here is a unit. I have been steadily laboring in this field for twelve years. There is no division here. There is perfect harmony. In making this decision I do so because I believe I can do more good in Nashville. I regret to leave Atlanta. I have learned to love the people, and it is here that my most sacred associations have been formed, but in the city to which I have been called there is a greater opportunity for me to do good and I believe it is my duty to go."

"I have called a session of the deacons for tomorrow afternoon at 3 o'clock, and shall place the whole matter before them."

Gave a Hint.

When it became known yesterday afternoon that Dr. Hawthorne had received a call and that there was a probability of accepting it, there was great excitement among the members of his church. None of them had ever dreamed that he would decide to change the place of his ministry. There were some, however, who recalled a sermon delivered two weeks ago, in which the light of the developments yesterday was a hint of what might be.

The doctor was addressing his congregation in reference to the erection of a new church, stating that the present structure was not large enough to hold the people. "I have been trying for twelve years to have this done," he said, "but what I could not do my successor may be able to accomplish."

"Nothing was thought of the remark at

the time, but yesterday's developments show that the matter has been on foot some time.

At the Nashville Church.

The following special from Nashville tells of the action of the church there yesterday morning:

Nashville, Tenn., April 19.—The First Baptist church of Nashville to day made a hearty and unanimous call upon Rev. J. B. Hawthorne, of Atlanta, to become its pastor. There was a large congregation present and after the reading of the lesson Dr. Foy suggested that the committee in the pulpit in the pulpit should make its report.

"Major John W. Thomas, the chairman, then made the report recommending that Rev. J. B. Hawthorne, of Atlanta, be called. He said he had assurance that the church made a unanimous call on Dr. Hawthorne would accept. He was a man of national reputation and one of the most eloquent ministers of the country, Baptist or any other denomination. Mr. Thomas told Dr. Hawthorne's great success in Atlanta.

"Dr. G. C. Savage expressed great pleasure at the prospect of securing Dr. Hawthorne and moved that the report be adopted.

"The motion was put and carried by a unanimous rising vote.

"Rev. S. Tichenor, of Atlanta, was then introduced and prefaced his address on the worth of the home mission board and the statement that he had known and loved Dr. Hawthorne since he was a boy, and had always admired and had a strong regard for him. It was learned that Dr. Hawthorne had accepted the call. The committee wired Dr. Hawthorne as soon as the report was acted on."

SUNDAY SERMONS.

Interesting Discussion at the Church of Our Father Yesterday.

Yesterday a large congregation at the Church of Our Father was very much interested in the morning's discourse on "Natural Law in Reward and Punishment."

The text was taken from the words of St. Paul: Whatever a man sows that shall he also reap."

Mr. Vail said: "Sometimes we doubt it, but one thing is certain regarding the statement, man has always had instinctive conviction regarding the truth."

The discussion was very interesting in forcible forms, but they were the best he was master at the time. Fate's furies appear before us, and the most interesting and impressive of them all, the form of Nemesis rises as the symbol of the idea of retribution, the punishment of the offender as well as in the reward of virtue. And while we may say with one of our orators: Blushed are the thunders of Jove on high Olympus; silent lies the hum of Thor on hills of the north; gone from the fountain and the stream, and still are the songs of the sirens forever and forever; still in all these tales and symbols man was trying to express a thought that could not find a better form."

The speaker then turned to the church and said: "The church and the world externalized the symbolism of the Bible, and said he, "and thereby spoiled its meaning. We had formed the habit of thinking of rewards and punishment being given in a physical manner, and the world and the outer and the inner, man's church had externalized the symbolism of the Bible, and still in all these tales and symbols man was trying to express a thought that could not find a better form."

The speaker then turned to the church and said: "The church and the world externalized the symbolism of the Bible, and still in all these tales and symbols man was trying to express a thought that could not find a better form."

ALEX CARR ON TRIAL

He Will Be Given a Third Hearing on
an Issue of Sanity
BEFORE ORDINARY CALHOUN

Twelve Men Will Sit in Judgment and
Determine if Carr Is a Fit Sub-
ject for the Gallows.

Tomorrow morning in the court of ordinary
Alex Carr will, for the third time,
be placed on trial on an issue of sanity.
It will be again determined by a jury of
twelve citizens whether or not, in their
opinion, the condemned slayer of Captain
H. O. King is a sane man.

The trial will be one of diligent inquiry
into the exact mental condition of Carr's
mind so far as such an investigation can
be made. Expert testimony will be intro-
duced and every effort will be made to
bring out the true nature of the case. Carr
will probably be personally examined and
talked to by the jury.

Ordinary Calhoun will sit as presiding
officer of the investigation. He will select
twelve prominent citizens, men of unusual
knowledge and ability, to sit on the jury which
may depend the fate of Carr. The condemned
is sentenced to be hanged Friday and the
result of the trial may seal his future.

The month's respite granted by Governor

Atkinson will expire on Friday and unless
the governor again interferes the mur-
derer will be hanged.

A large number of witnesses have been
summoned to appear before the ordinary
tomorrow. All of the jail officials, doctors,
men and women newspaper men and
others who conversed with Carr when
he made his sensational confession that he
had been shamming, about a month ago,
will be present and required to tell what
they know and think of the actions of
the strange man. The experts who com-
posed the board will be present and tell the
jury why they formed the opinion that
the man is crazy. Dr. Murphy, superin-
tendent of the North Carolina Insane
Asylum; Dr. Powell, superintendent of
the Georgia Insane Asylum; Dr. Gaston,
Dr. Baird, the two members of the board
of experts, will probably be put
on the stand. All of the physicians ex-
cept Dr. Bain believe that Carr is insane.

It will be remembered that Dr. Bain is
the single disserter from the report of
the board that there was a reasonable
doubt as to the sanity of Carr. Carr was
at the time the board reached its conclusion.

He submitted a minority report expressing
the opinion that there was evidence that Carr
was feigning. In reference to the

opinion of his colleagues, however,

Dr. Bain said that there was a reasonable
doubt as to the sanity of Carr.

Carr will be present and tell the

jury why they formed the opinion that
the man is crazy. Dr. Murphy, superin-

tendent of the North Carolina Insane

Asylum; Dr. Powell, superintendent of

the Georgia Insane Asylum; Dr. Gaston,
Dr. Baird, the two members of the board
of experts, will probably be put
on the stand. All of the physicians ex-

cept Dr. Bain believe that Carr is insane.

Messrs. Arnold & Arnold will look after
the interests of their client before the
ordinary tomorrow. They have engaged
many witnesses who have some knowledge
of Carr's case and will endeavor to sub-
stantiate their firm belief that their client
is a man of unsound mind. They are con-
fident that their contention will be in harmo-

nious with the opinion of the jury.

Carr is found to be in a certain
that another effort will be made to get his

sentence commuted to life imprisonment.

The governor has in hand a petition ask-

ing for executive clemency and if the

ordinary's court decides against Carr the

last recourse will then be before the gov-

ernor. The case will be one of interest

this week.
